

Patch Size & Shape Template

Slate Creek Patch Co. — Wholesale Reference Guide

Standard Shapes

We produce hat patches in the following standard shapes. Custom shapes are available — contact us with your artwork for a feasibility check.

Shape	Common Sizes	Best For
Round	2.5" / 3" diameter	Logos, badges, circular marks
Oval	2.5" x 3.5" / 3" x 4"	Wordmarks, horizontal logos
Rectangle	2.5" x 3.5" / 3" x 4.5"	Text-heavy designs, banners
Shield	2.75" x 3.5"	Crests, emblems, brand marks
Die-Cut (Custom)	Varies	Logo-shaped outlines, mascots

Minimum Order Quantities

Hat Patches: 12-piece minimum per design.

Golf Balls: 3-dozen minimum per design.

Design Guidelines

- Keep fine text and thin lines at least 1.5mm wide to hold detail during production.
- Leave a small buffer of empty space around the edge of your design before the cut line.
- High-contrast designs reproduce most reliably across all materials (leather, leatherette, acrylic).
- Provide vector artwork whenever possible — see the Design File Requirements Sheet for accepted formats.

Application Reference

Setting	Value
---------	-------

Lower Platen Temperature	320°F
Upper Platen Temperature	280°F
Press Time	45 seconds

Patches are heat-press applied — no sewing required.
